First Aid Treatments	May-22
Under this section you can create links for first aid treatments to be used if an injury should occur. The system comes with a standard set of responses suggested by St John First Aid.	
Navigate to Administration / Injury & Health Management / First Aid Treatment:	
1. Type in the search box to find a specific item.	
2. Click LINK to see what is loaded.	
3. Click +ADD NEW to create a new link.	
4. Click 🖉 to edit or 🔟 to delete any items.	
/ Home / Administration / Injury & Health Management / First Aid Treatment	3 • ADD NEW
Title i Description i Link i	
Bites & Stings For any snake bite (including sea snakes), funnel-web spider and mouse spider bites, blueringed octopus bite, cone shell sting 2 LINK	æ 🚊 4
Choking Adult/child over 1 If the patient becomes blue, limp or unconscious, follow DRSABCD and call triple zero (000) for an ambulance.	C a
Nose bleed Actions to take when dealing with a nose bleed.	
5. Type in a Title.	
6. Type in a Description.	
7. Paste the document link here.	
8. If required paste a video link here.	
9. Click 🖫 SAVE to close and save the treatment item.	
	BOELETE JANON
Title Bites & Stings	
For any snake bite (including sea snakes), funnel-web spider and mouse spider bites, blueringed octopus bite, cone shell sting

The links can be viewed in the Mobile App under **Documentation/First Aid Treatments.**

NOTES:

• The links are maintained for everyone in our back end administration panel, if you come across a link that is broken or wrong please contact us at support@safetyminder.co so it can be updated for everyone.
