

**Missed a few maintenance jobs on your plant?
The Safetyminder automated reminder
system this will make this a thing of the past.**

**For more info contact us on
support@safetyminder.com.au
<https://safetyminder.com.au/>**

Our comprehensive maintenance register allows you to schedule routine services, Test & Tag, RCD Testing and regular maintenance jobs required for all your assets.

Staff and Managers will receive email and SMS notifications when tasks are due and the dashboard gives you a quick overview of what is outstanding. Lists can be export and printed if required.

Complete Daily Plant Inspections on site from the mobile app and have them immediately available for review in the web app. Our unique forms builder tool means the checklists can be fully customised to your requirements .

LEADERSHIP IS NOT ABOUT BEING THE BEST

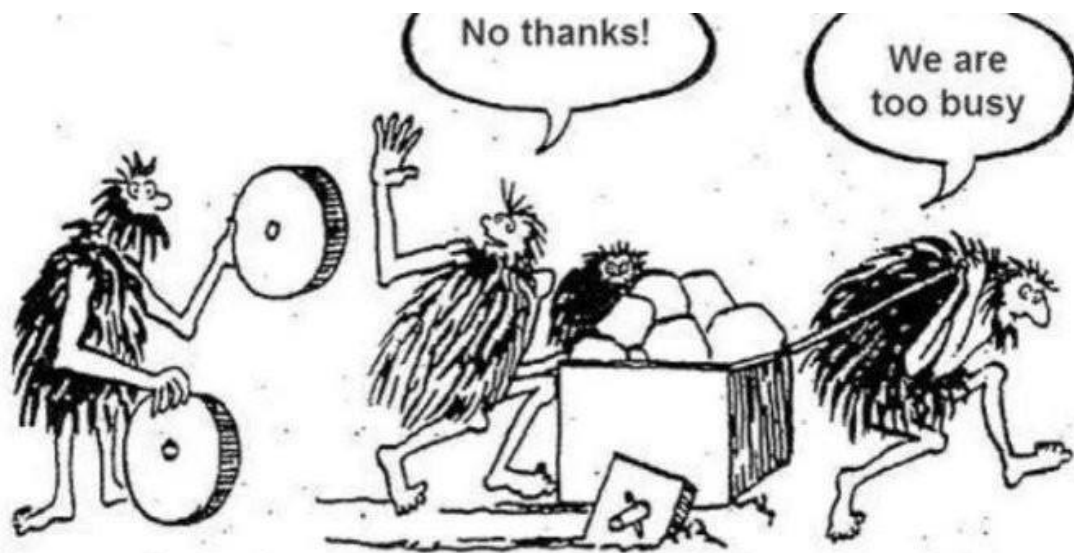

THE **MIND** UNLEASHED

LEADERSHIP IS ABOUT
MAKING **EVERYONE** ELSE BETTER

"The WHOLE
is GREATER
than the SUM
of its PARTS."

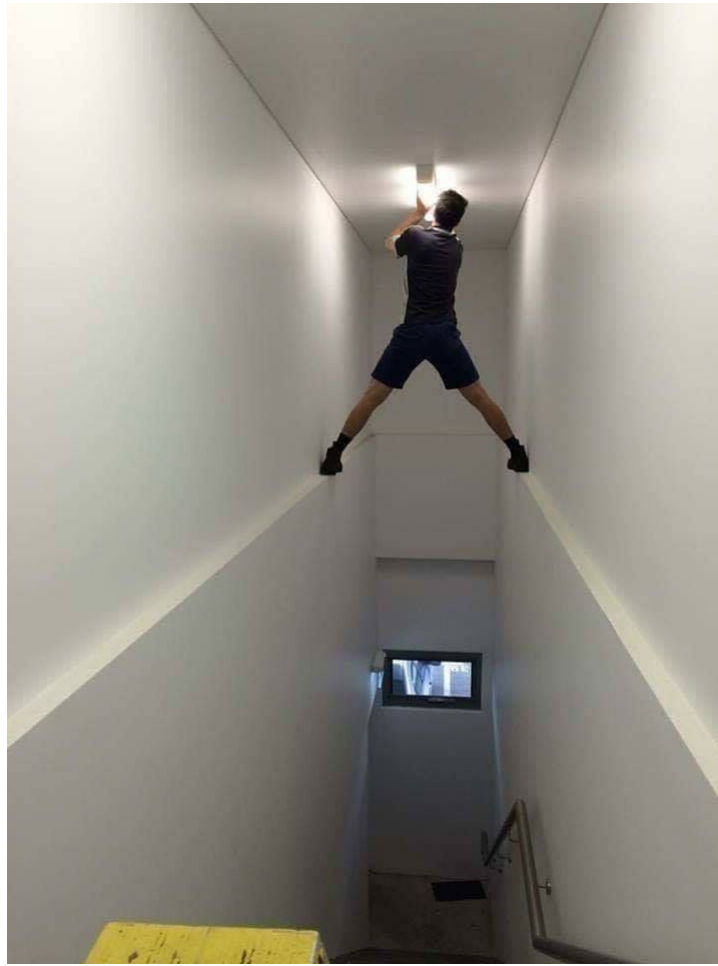

— Aristotle

The conductor of an orchestra
doesn't make a sound. He depends,
for his power, on his ability to make
other people powerful.

— Benjamin Zander —
