

Once your database has been configured you will be able to pull jobs that are scheduled or assigned to you from simPRO to create Job Docs in SafetyMinder.

You will need to add your simPRO Employee ID# into your SafetyMinder Profile.

From the main menu select Profile, Personal Details, scroll to the bottom &

enter your ID#. Click  Save.

Personal Details

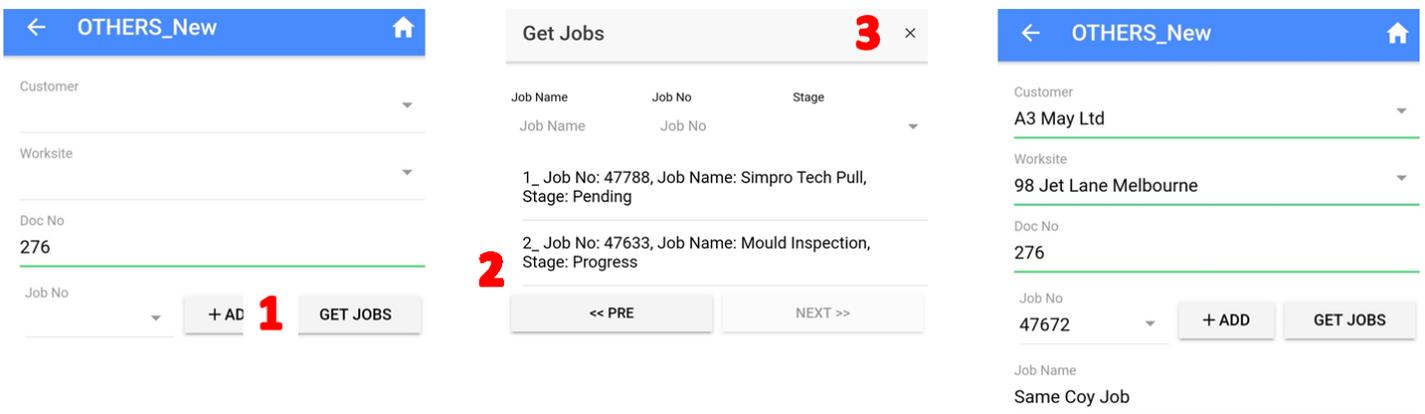

Username: gman

Firstname: George

Simpro TechnicianID: 4789 

1. Open any Create Job Doc screen and click **GET JOBS**. The list will only display jobs assigned to you.
2. Click on the required Job.
3. Click x to leave the screen without selecting a job.

SafetyMinder will automatically create the customer, worksite and job details ready for you to select the required form and complete the job doc as normal.

CANCEL OK

When the Job Doc is signed off in the SafetyMinder mobile app it pushes the completed PDF form back into your simPRO database.

NOTE:

Due to constraints with the simPRO API:

- Only job number and name can be displayed in the list.
- Only 250 jobs can be shown in the list.
- Only Job Docs are pushed back into simPRO.
