

NOTE

Remember to have your technicians download and install the new version from Google Play or Apple

Home / Registers/Injury & Health Management/Fitness & Welfare Checks

There is a new register to keep track of your Fitness to Work & Welfare checks e.g. covid temperature checks. These are completed using specific Forms with special widgets inside, so you can customise them to your needs.

Click the links for full details:

02/10/2021	George Foreman	Daily Welfare Check				<input type="checkbox"/>

Home / Job Docs / Customers

The workflow for creating new customers:

1. "Create default worksite.." will be ticked when you open the screen. Untick if not required.
2. The Site Name will populate with the text you type in the Name field, change as required.
